

What should I do if...

A student experiences a needle stick or bodily fluid exposure while in my clinic?

See needle stick information below.

A student has an injury while on rotation in my clinic?

- Assess urgency of treatment and if emergent, seek emergency care and closest ER.
- If non-emergent, student to seek out treatment at CU Designated Medical Providers (students can find this information on the CHA/PA Clinical website).
 - Please do not see the student as a patient.
 - Remind the student to contact the clinical team to report this injury.

I have concerns about a student's performance or professionalism while on rotation?

Contact the CHA/PA Clinical team immediately at Clinical-Team@ucdenver.edu, or Roberta Knott at Roberta.Knott@cuanschutz.edu or 303-724-7288 (or cell 720-272-5557).

I can't remember my log-in for the evaluation system (Typhon) to complete the student's evaluation?

Contact the Clinical Services Coordinator, Miguel Perez Portillo at 303-724-1336 or miguel.perezportillo@cuanschutz.edu.

The student didn't contact me prior to the start of the rotation & I need to notify them of a change in time, location, preceptor, etc.?

Contact the CHA/PA Clinical team immediately at Clinical-Team@ucdenver.edu or Miguel Perez Portillo at 303-724-1336.

I have questions about the objectives for the rotation?

Please refer to Preceptor Orientation Handbook for specific objectives by level of education and rotation type or contact Roberta.Knott@cuanschutz.edu.

Thank you for precepting University of Colorado Child Health Associate/Physician Assistant students. Your commitment to our students is admirable and much appreciated.
