

## The Colorado Pragmatic Research in Health (COPRH) Conference

### **Pragmatic Outcomes Research: Methods, Tools, and Technology for Rapidly Changing Contexts**

A national conference for clinical, translational, and public health research audiences  
**You're invited!** May 20-21, 2026 hosted by the Adult and Child Center for Outcomes Research and Delivery Science at University of Colorado Anschutz.

### **Call for Poster Abstracts**

Deadline: January 9<sup>th</sup>, 2026 at 11:59pm MT

Do you work in health services research, dissemination & implementation science, population health, public health research, patient-centered outcomes research, or pragmatic clinical trials?

Are you a methodologist, investigator, and/or a community or patient partner in research?

Please join us at COPRH Con to share your research, methods, and approaches to improving equity, policy, and sustainability at our poster sessions.

### **COPRH Con Abstract and Poster Guidelines**

#### **Abstract submission criteria**

- ❖ Abstracts should be between **2500 and 3000 characters (with spaces)**, not including title, authors, or affiliations.
- ❖ Abstract title should be no more than 15 words
- ❖ Abstract body should be structured with headings for background, setting/population, methods, results (for completed research), and conclusions
- ❖ Abstracts can be completed research or work-in-progress, and may include research presented at other venues.
- ❖ Abstracts are encouraged to include patients and other community partners as co-authors

### **Presentation Themes Aligned with COPRH Con 2026**

Abstracts are encouraged in the following areas that align with the 2026 theme *Pragmatic Outcomes Research: Methods, Tools, and Technology for Rapidly Changing Contexts*:

- ❖ **Methods:** advancing pragmatic research design and implementation, including tools, approaches and methods to support rigorous pragmatic research
- ❖ **Research Results & Findings:** study findings and outcomes, lessons learned, and implications for practice
- ❖ **Technology & Research Engagement:** research addressing the application of digital health, AI, machine learning, informative and tools for real-world impact
- ❖ **Dynamic Landscapes:** navigating evolving contextual and policy environments in pragmatic research, strategies for adapting pragmatic research approaches to meet immediate real-world needs

Abstracts may also connect to topics highlighted in the 2026 Pre-Conference Workshops, including:

- ❖ Pragmatic Research Planning
- ❖ Artificial Intelligence and Health Services Research
- ❖ Mixed Methods
- ❖ Dissemination & Implementation: User testing and Dissemination Strategies

### **How to submit your abstract:** Click [HERE](#).

- ❖ **Complete the form** including name, email address, academic title/rank, and institutional affiliation(s) of the presenting author; a complete list of authors and affiliations; abstract title; abstract body with structured headings; indication of abstract alignment with conference theme.

### **Poster guidelines**

- ❖ Posters should be submitted to the conference committee in PDF (templates will be provided), however, presenters are responsible for printing their own posters for the conference and must fit in a 4'w x 4'h space.
- ❖ Poster session(s) will be held on May 21
- ❖ Select abstracts may be invited to present live as a “Best of COPRH Con” session, concurrent breakout sessions, or lightning research talk

### **Presenter information:**

- ❖ There is no fee for abstract submission.
- ❖ *More information will be provided for selected abstracts*
