

Pragmatic Research Planning Workshop – Winter 2025

Presented by CCTSI, CIDA, and ACCORDS

WHEN: February 14 (in person) and February 28 (virtual), 2025

WHERE: Anschutz Health Sciences Building, Zoom

The Winter 2025 Pragmatic Research Planning Workshop is open to investigators at all CCTSI partnering institutions, including clinical and translational researchers, dissemination and implementation scientists, and health services and public health researchers. **Investigators currently developing grant proposals for pragmatic studies will be prioritized for selection.**

Participants will engage in learning and interactive sessions with experts in multiple domains to workshop a potential pragmatic study and walk away with a study design suitable for a grant proposal.

The winter 2025 workshop includes one **full-day in-person** session (February 14, 9am-4pm, Anschutz Medical Campus) and one **half-day virtual** session (February 28, 9am-1:30pm).
