The following is a general overview of the parts of a P01 grant. Be sure to consult the latest version of the Application Form Instructions - Part M (for multi-component grants)

https://grants.nih.gov/grants/how-to-apply-application-guide.html

scroll down to the Application Form Instructions section and then down to M under Filtered Application Instructions

Section of Grant	Page/Line/ Character Limit	Overall Program	Projects	Administrative Core and other Core Components	Other Components (if required by the NOFO)
Project Summary/Abstract	30 lines or less	required	required	required	required
Project Narrative	2-3 sentences	required	do not complete per FOA	do not complete per FOA	do not complete per FOA
Bibliography & References Cited		required	required	required	required
Human Subjects and Clinical Trials Information			required if applicable	required if applicable	required if applicable
Facilities & Other Resources	no limit	required	required (unless specified in the NOFO, applicants have the option to include the "Equipment" attachment in the Overall Component, Other Components or both, whichever is most appropriate for your application)	required (unless specified in the NOFO, applicants have the option to include the "Equipment" attachment in the Overall Component, Other Components or both, whichever is most appropriate for your application)	required (unless specified in the NOFO, applicants have the option to include the "Equipment" attachment in the Overall Component, Other Components or both, whichever is most appropriate for your application)
Equipment	no limit	required	required (unless specified in the NOFO, applicants have the option to include the "Equipment" attachment in the Overall Component, Other Components or both, whichever is most appropriate for your application)	required (unless specified in the NOFO, applicants have the option to include the "Equipment" attachment in the Overall Component, Other Components or both, whichever is most appropriate for your application)	required (unless specified in the NOFO, applicants have the option to include the "Equipment" attachment in the Overall Component, Other Components or both, whichever is most appropriate for your application)
Project/Performance Site Locations *(give address and 9-digit zip code)*		required; include only the Primary Site in the Overall Component	required; list all performance sites that apply to the specific component	required; list all performance sites that apply to the specific component	required; list all performance sites that apply to the specific component
Biosketches - new format	5 pages	required for key personnel each senior/key personnel, including the PD/PI, is allowed one biosketch for the entire application. If an individuals will participate on multiple components, attach the biosketch to any single component.	required for key personnel each senior/key personnel, including the PD/PI, is allowed one biosketch for the entire application. Section of Grant	Page/Line/ Character Limit	Overall Program	Projects	Administrative Core and other Core Components	Other Components (if required by the NOFO)
Budget		the only budget information included in the Overall Component is the Estimated Project Funding section of the SF424 R&R Cover	The Project Lead must devote a minimum of 2.4 calendar months (20% effort) to the Project. Include costs relevant to data management and sharing at the Project level on the specific Project budget, but the Data Management and Sharing Plan should be one comprehensive plan attached to the Overall Component only	No minimum effort is required; time & effort should be commensurate with the complexity of the Core's function Include costs relevant to data management and sharing at the Core level on the specific Core budget, but the Data Management and Sharing Plan should be one comprehensive plan attached to the Overall Component only	No minimum effort is required unless specified in the NOFO; time & effort should be commensurate with the complexity of the Other Component's function Include costs relevant to data management and sharing at the Other Component level on the specific Other Component budget, but the Data Management and Sharing Plan should be one comprehensive plan attached to the Overall Component only
Budget Justification			required	required	required
Subrecipient Budget & Budget Justification			required, if applicable	required, if applicable	required, if applicable
Specific Aims	1 page only	required	required	required	required
Research Strategy Specific to Multi-Project Applications: description of the concepts, methods, technologies, treatments, services, or preventative interventions that drive this field which will be changed if the proposed aims are achieved	12 pages for Overall and projects; 6 pages for cores	required; describe the significance, innovation, and approach of the overall application and highlight the Program's conceptual unity by describing the scientific problems to be addressed and laying out a broad research strategy to address them	required; in addition to the standard scientific description, the Research Strategy should also describe the interactions among the Project and other Projects and Core(s) within the Program Project	required; explain the plans for organizational and administrative management of the entire Program, and for coordination and communication within the Program	required; lists the projects the Core will serve and the services which will be provided.
Vertebrate Animals			required if applicable	required if applicable	required if applicable
Select Agent Research			required if applicable	required if applicable	required if applicable
Multiple PD/PI Leadership Plan		required if applicable			
Consortium/Contractual Arrangements		If applicable, you can include a single consolidated Consortium/Contractual Arrangements attachment in the Overall Component or include component-specific attachments in the relevant component	required if applicable If applicable, you can include a single consolidated Consortium/Contractual Arrangements attachment in the Overall Component or include component-specific attachments in the relevant component	required if applicable If applicable, you can include a single consolidated Consortium/Contractual Arrangements attachment in the Overall Component or include component-specific attachments in the relevant component	required if applicable If applicable, you can include a single consolidated Consortium/Contractual Arrangements attachment in the Overall Component or include component-specific attachments in the relevant component
Letters of Support		optional Unless otherwise specified in the NOFO, you can attach all Letters of Support to the Overall Component, or attach individual letters to individual components as relevant, or both	optional Unless otherwise specified in the NOFO, you can attach all Letters of Support to the Overall Component, or attach individual letters to individual components as relevant, or both	optional Unless otherwise specified in the NOFO, you can attach all Letters of Support to the Overall Component, or attach individual letters to individual components as relevant, or both	optional Unless otherwise specified in the NOFO, you can attach all Letters of Support to the Overall Component, or attach individual letters to individual components as relevant, or both

Section of Grant	Page/Line/ Character Limit	Overall Program	Projects	Administrative Core and other Core Components	Other Components (if required by the NOFO)
Resource Sharing Plan		required	required	required	required
Other Plans - Data Management & Sharing and Genomic Data Sharing		required Include a single consolidated Data Management and Sharing Plan in the Overall Component			
Authentication of Key Biological and/or Chemical Resources	1 page suggested	optional unless otherwise indicated by NOFO	required if applicable	required if applicable	required if applicable
